RE: Driver Education Training Vehicle Service Extension

With the challenges presented by the COVID 19 pandemic, the MDOTMVA is extending the service life of driver education training vehicles by one year. Vehicles due to be removed from service on or before December 31, 2021, may remain in service until December 31, 2022. This does not include vehicles extended last year. The vehicles must continue to meet the Maryland State safety inspection requirements outlined in regulations.
