

Recently jointly hosted seminars were held with presentations on International Registration Plan (IRP), International Fuel Tax Agreement (IFTA), Permitted Loads, and Unified Carrier Registration (UCR). To obtain copies of the presentations presented just click on the following links to the presentations, which were packed with useful information.

Note: The UCR presentation is huge (7.6 megs even as a pdf file), so it will take several seconds to download.

In addition to the presentations, here are some useful web-sites for further information on state regulation, state laws, and truck company data:
