RE: **Excise Tax Credit for Plug-In Electric Vehicles**

Please be advised, effective immediately the \$3 million funding authorized by the legislation for the Plug-In Electric Vehicle Excise Tax Credit for fiscal year 2019 are depleted.

We are currently processing applications that have already been received that will utilize the remaining funding. Applications will be processed in the order they were received. Once all funds are exhausted, no additional refunds will be issued until July 1, 2019 (fiscal year 2020) when additional funds become available.

Governor Hogan is committed to fully funding the Plug-In Electric Vehicle Excise Tax Credit in next year's budget, pending legislative approval. This commitment is part of the Hogan Administration's pledge to make the purchase and use of electric vehicles more affordable and convenient, encouraging Maryland consumers and businesses to invest in this environmentally friendly mode of travel.

You must alert your customers to this information prior to their purchase of an electric vehicle.

If you have additional questions, please feel free to contact the MDOT MVA's Refund Department at 410-768-7346.
