Glen Burnie, MD 21062

Bulletin

D – 02-16-01

Date: February 2, 2016

Bulletin To: All Dealers

RE: State right of way

The State Highway Administration has contacted the Motor Vehicle Administration in regards to dealers displaying their vehicles on the state right of way.

When vehicles are displayed in the right of way this causes a safety hazard. We are requesting all dealers to make sure they are safely displaying their vehicles and they are not on State Highway property or right of way.

Failure to comply with the above may result in citations being issued to your dealership. If you require additional information please contact your local [State Highway Administration](#).
