The Motorcycle Safety Program will be holding a *FAST-TRACK Licensing* event <sup>2</sup> where we will assist you through the licensing process by:

- Providing a Study Hall to help prepare you for the knowledge test;
- Administering the knowledge test;
- Provide coaching for the on-cycle skills test;
- Administering the on-cycle skills test <sup>3</sup>;
- Administering the eye test; and
- Issuing a new license with the Class M, or a learner's permit <sup>4</sup>.

We call it *FAST-TRACK* because:

- The learner's permit requirement is waived;
- The 14-day waiting period is waived;
- You will be allowed one opportunity to retake a failed test on the same day; and
- You could leave with a Class M license or a learner's permit.
