

Do you know where your Blind Spot is?

INSTRUCTIONS: Hold this card in your left hand. Close your right eye . Hold the card up at eye level—about sixteen inches away from your face. Stare at the black dot with your left eye. Slowly move the card toward you. Keep staring at the black dot and watch as the motorcyclist disappears—as if by magic!

We all have our blind spots. That's why it's you have to look twice for motorcyclists.

Look twice for motorcyclists. You could save someone's life.
