

2013 Maryland Older Driver Safety Symposium -- Promoting a Culture of Safe Mobility for Life

SAVE THE DATE

April 24th or April 25th 2013

- Two separate days for Two different audiences
- Registration will be free, but required to attend
- Registration will be available on-line at <http://www.mva.maryland.gov/modss/>
- Registration will OPEN March 4, 2013 and
- Registration WILL CLOSE April 15, 2013

LOCATION: Maritime Institute in Linthicum Heights, MD

MVA is hosting this educational event to focus on older driver safety – bringing the latest research and best practices that are taking place everywhere and putting them into an effective program to help you use right here in Maryland.

Wednesday, April 24, 2013 – 8:30am to 4:00pm

WHO SHOULD ATTEND: Maryland leadership from county and state agencies and organizations in the fields of community services, law enforcement and health professionals; and all those involved in management of programs and creating policies for roadway safety for older drivers.

GOALS:

- 1) Produce practical objectives of necessary policies and programs for Maryland's older driver safety programs that can be embraced and built upon by the organizations and agencies represented
- 2) Hear the latest research and best practices – prestigious keynote speaker, three info-packed panels on key topics backed by excellent research
- 3) Engage in discussion on older driver safety issues and their relevance to Maryland
- 4) See exhibits that showcase local resources and program demonstrations
- 5) Form partnerships by understanding the roles of agencies, organizations & professionals that provide services for older drivers

Thursday, April 25, 2013 – 8:30am to 3:00pm: THREE separate Professional Development Workshops - Register for ONLY ONE!

NEW THIS YEAR: We heard you – “not just talk about the problems, but more specific solutions”!

WHO SHOULD ATTEND: Law Enforcement, Clinicians and Community Service Professionals

GOALS:

- 1) **Earn Continuing Education Credits for your profession -- Available for Each Workshop**
- 2) Expand awareness of older driver safety issues in the State and the various groups involved
- 3) Learn specific tools and resources from leaders in the field
- 4) Engage in frank discussions of practical issues amongst each profession – help us to learn from you on issues that need to be addressed
- 5) Meet others in your field to help form support networks
