MARYLAND **PROTECTED** | MARYLAND **PROUD**

NEW SECURE CARD FEATURES

The new design incorporates cutting-edge security and other features, including:

Polycarbonate Card Body

More durable, secure and tamper-resistant card body.

REAL ID Compliant

Meets state and federal regulations.

Changeable Laser Image

Feature that enables two or more images to occupy the same area.

Laser Engraving

Provides maximum protection against data manipulation and forgery.

Tactile Text

Laser engraving on the card raises the print making it difficult to tamper or modify.

Veteran Designation

Veterans now have the opportunity to have this important designation appear on the front of a driver's license or ID card so the holder's status is immediately recognized.

Inventory Control Number

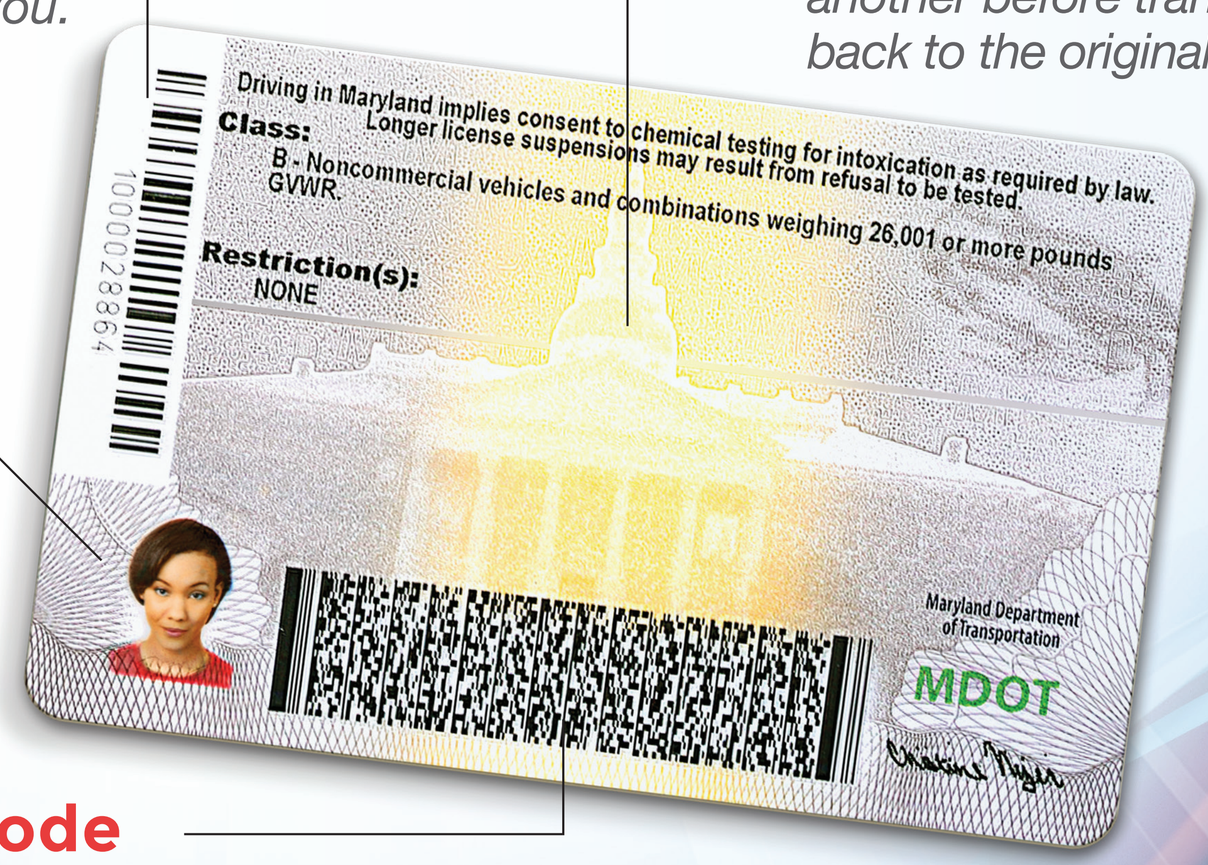
A unique number and accompanying barcode to verify the card was issued to you.

Rainbow Printing

Printing feature that allows one color to change to another before transitioning back to the original color.

Color Photo

A full-color image of the card holder is printed on the back as another barrier against fraud.



Identity Barcode

Encoded information to confirm your identity.
